MODEL 7100 SLXP-LED

Explosion-Proof Swivel Mounted Floodlight

The 7100 SLXP-LED fixture is hazardous location rated for Class I, II, and III Divisions 1 and 2, and marine-rated for outside saltwater. The conformal coated circuit board provides extra protection against moisture, while solid state lighting allows for a 56% energy savings over a 70W metal halide fixture. Typical applications include gasoline storage tanks, petroleum refining facilities, paint and chemical storage areas, tank inspection and cleaning, grain storage facilities, and cargo hold areas.

	Product Features
Light Source	► Conformal coated Luxeon light emitting diode (LED) module
	► Color Temperature: 5400-5600K
	► Light Output: 2540 lumens (fixture)
	► Rated life: 50,000 hours
	► Optics: Flood (45°) & Spot (28°) options
Power	► Power Consumption: 39W (fixture)
	► Voltage Range: 120-277V, 50-60 Hz
	 Driver: Over-voltage, over current, and short circuit protection Replaceable, fully potted (2 per fixture)
Light Body (Construction)	► Marine-grade cast aluminum shell, cover, and sealed fittings
	 Marine-grade wrought aluminum support base, harp, and handle bracket
	► Threaded joints are lubricated with non-drying petrolatum
	Finish: Yellow thermoset powder coat
	▶ Lens: 3/4" thick tempered glass
Power Factor	▶ >0.9
Base	 Base has three holes for flexibility to wall mount or suspend from cable and lower into silo tank or manhole
Hand Knob	 Sturdy hand knob permits easy aiming and tightening to maintain position
Wiring	 Supplied with 50 ft of 16/3 type SOW cord and factory sealed service entrance fitting (25 ft of cord must be maintained by user)
	 Plug to be supplied by user, to be sized to accept cord, and be suitable for appropriate hazardous environments
Gaskets	► Rubber seals on cover and lens prevent moisture and dust from entering
Ambient Operating Temperature	▶ -20°C to +40°C
Weight	► Fixture: 26.5 lb (12.0 kg)
	► Packaged: 29.2 lb (13.2 kg)
Carton Size	► 16.75 in X 16.75 in X 17.75 in (42.5 cm X 42.5 cm X 45.1 cm)

Compliances

ETL/cETL Certified to:

- ► UL 1598 Ordinary Locations
- ► UL 1598A Marine Outside Type (Saltwater)
- ► UL 844 Hazardous Location
 - · Class I, Division 1 Groups C & D
 - · Class I, Division 2 Groups A, B, C, & D
 - · Class II, Division 1 & 2 Groups F & G
 - · Class III, Division 1 & 2
- CSA C22.2 No. 250.0, 94.0, 213.0, 137.0, 30.0
