rpb® FILTRATION™

ADVANCED AIR FILTER CARTRIDGES

ADVANCED FILTER CARTRIDGES.

The RPB® filter cartridges are large capacity, 6 stage cartridges that remove odor, moisture, and particulates to 0.5 micron from the compressed air stream, providing clean breathable air.

RPB® APF3100 AIR FILTER CARTRIDGE

The RPB® APF3100 Air Filter Cartridge is manufactured to exacting standards, using high quality filtration materials, the APF delivers consistently efficient and effective filtration for optimum safety. An expanded surface area provides increased absorption of water, oils and odors.

The natural fibre felts very efficiently enabling it to absorb oils from the air stream and allowing air to flow through to the next stages of moisture and odor removal.

MULTI FIT

The APF3100 is the replacement Air Filter Cartridge for the RPB® RADEX AIRLINE FILTER and can also multi fit into other selected brands of Air Filter's available.

RPB® AFC100 AIR FILTER CARTRIDGE

The RPB® AFC100 Air Filter Cartridge is manufactured to exacting standards, using high quality filtration materials, the AFC delivers consistently efficient and effective filtration for optimum safety. An expanded surface area provides increased absorption of water, oils and odors.

The natural fibre felts very efficiently enabling it to absorb oils from the air stream and allowing air to flow through to the next stages of moisture and odor removal.

MULTI FIT

The RPB® AFC100 will multi-fit into many brands of Air Filter's available on the market.
